Introducing the style of: *Natalie Pietraszek*

Natalie Pietraszek is an emerging talent from the Lake Macquarie suburb of Valentine. This creative young designer is behind the label "Fine Cloth".

Handcrafted feminine designs which set themselves apart by their youthful and quirky aesthetic, as unique as the wearer herself. "Fine Cloth" is one of those refreshing labels which draws from unique and personal inspiration. There is an element of fun in each piece that sets off the quirky, childlike imagination flowing through the collection.

Training in aspects of fashion, a Diploma in Fashion Design with distinction, Small Business Management followed by Clothing Production and Fine Art studies at University, Natalie developed an ardent interest in the creation of handmade objects and together with her trusty sewing machine 'Frank' formed "Fine Cloth" in the back room of her parents' house.

The label draws inspiration from Natalie's passion of fine arts,

cinematography and popular culture.

Being solely an Australian and local production is integral to "Fine Cloth" ethos. Natalie handcrafts each piece herself using traditional sewing techniques.

"Fine Cloth's" collection evokes the opulence of the old world charm that is reminiscent of yesteryear.

Behind every garment there are hand-worked personal touches with fun detailing and a sense of playfulness. "Fine Cloth" breaths individuality, passion and old-school sophistication. Go on, fill your head with joy and explore the "Fine Cloth" journey.
